## EDUCATION

---

**Central University of Kashmir**, Tulumulla, India  
*BTech Computer Science & Engineering* | CGPA: 8.0

**2019-2023**

## WORK EXPERIENCE

---

**Blackfountain Strategy**, [Turkiye](#), Remote

**Aug 2025 – Present**

### Fullstack Developer

- Developed and deployed a scalable LMS with React, Next.js, FastAPI, and Django on Render, supporting 500+ concurrent users.
- Integrated Jitsi and payment gateways, enabling real-time live classes and smooth subscription management.
- Architected relational (PostgreSQL) and NoSQL (MongoDB) databases for courses, users, and scheduling, improving performance and scalability by 30%.

**Kashtech Solutions**, Srinagar, India

**Nov 2023 – June 2025**

### Web Developer

- Created and optimized landing pages for Dubai-based clients, driving higher lead generation and helping entrepreneurs establish businesses in Dubai.
- Delivered cross-platform solutions that extended client reach to both web and mobile users, improving accessibility and engagement.
- Streamlined content and data management workflows, reducing update time for non-technical teams by 40% and improving overall efficiency.
